WHY THM GIESSEN? Technische Hochschule Mittelhessen University of Applied Sciences, established in 1971, offers programs that closely connect science and practical applications. It is the third largest University of Applied Sciences in Germany. More than ten percent of our students enrolled come from abroad. Well over 50 master and bachelor degree courses cover a wide range of subjects. Classical engineering disciplines, such as civil, electrical, and mechanical engineering, are offered as well as future-oriented interdisciplinary programs, including energy systems, biotechnology, medical engineering, hospital hygiene, railway systems, media engineering, business administration, and computer science.
